Our Mission:
We support the people of Clackamas County to sustainably use, restore, and conserve our shared natural resources, today and for future generations.

17 staff
7 board members
1 associate board member

Goal #2
Urban and suburban areas
Residents, partner organizations, and local governments throughout urban and suburban Clackamas County have opportunities to support and participate in resource conservation.

Goal #3
Natural areas and sensitive habitats
Natural areas and sensitive habitats of Clackamas County support healthy ecosystems for the benefit of all.

Goal #4
CSWCD Properties
CSWCD properties promote and demonstrate key stewardship and conservation practices for farms, small woodlots, and residential settings.

Goal #5
Healthy organization
CSWCD has the team, support, and infrastructure needed to implement the strategic plan.
