## Washington and Clackamas County Pesticide Collection Event Application Form for Waste Pesticides

Please mail, fax, or e-mail completed application to Clean Harbors Environmental Services by **November 26, 2012**. Space is limited so register early.

Clean Harbors Environmental Services  
12402 SE Jennifer Street  
Clackamas, OR 97015  
Attn.: Alan Ranf

Phone: (503) 785-0404 or (800) 819-5912  
Fax: (503) 786-7877  
e-mail: ranf.alan@cleanharbors.com

This is an anonymous pesticide waste collection event for farmers, nurseries and golf courses located in the Tualatin River Watershed, Washington County and Clackamas County. The collection is scheduled for **December 1, 2012 at Crop Production Services, 574 N. 7<sup>th</sup> Ct, Cornelius, OR**. This event is sponsored by the Tualatin Soil and Water Conservation District, Clackamas Soil and Water Conservation District, Crop Production Services, OSU Extension Service, Joint Water Commission, Clean Water Services, Tualatin River Watershed Council, and City of Banks. Prior to attending the Pesticide Collection Event, you must complete this application form and return it to Clean Harbors by November 26, 2012. Please be certain your application information is accurate; any pesticides not included on this survey will not be eligible for disposal on the day of collection. **If you have any questions or concerns about the pesticides you wish to dispose of, please contact Nicole Anderson at OSU Extension Service, 503-553-9922.**

**There is no charge for disposal of any pesticides, but due to limited funding this event is first come, first served. So register early!**

**Event Location:** Cornelius, Oregon      **Event Date:** December 1, 2012

**1. Participant Information – ALL INFORMATION PROVIDED BELOW IS FOR INTERNAL USE ONLY AT CLEAN HARBORS TO ENSURE SAFE AND EFFECTIVE COLLECTION AND IS CONFIDENTIAL.**

## 2. Inventory of wastes you want to dispose of at this collection event

Please complete the attached waste inventory sheet to list the wastes you will bring to the collection event. Make additional copies of the inventory sheet if needed. Return the completed inventory sheet(s) with this application. Instructions for completing the waste inventory sheet are on the back side of the form. Only wastes that have been pre-registered and approved by Clean Harbors Environmental Services will be accepted at the collection event. **Radioactive materials, explosives, infectious medical wastes, certain poisons, very reactive wastes, and unknown wastes are not accepted at these events. There is no quantity limit for collection of old and unused pesticides.**

If you have trouble identifying the active ingredients in the pesticides you wish to dispose of, or are concerned about leaking or degraded pesticide containers, please contact Nicole Anderson at OSU Extension Service, 503-553-9922 for technical assistance.

- Farm                       Nursery                       Golf Course                       Public Purpose (rights-of-way, parks, schools, etc.)                       Other \_\_\_\_\_

Item Number	Waste Description: active ingredient and product name (if known)	EPA Reg. No. (if known)	Pesticide type (i.e. insecticide, fungicide)	Quantity (lbs or gals.)

**Total number of pounds being dropped off (assume 8.5 lbs per gallon):**

## Instructions for Completing Waste Inventory Sheet

1. **Source:** Please indicate whether the pesticides you are disposing of come from an active farm, a rural residence (including those converted from farm uses), a nursery operation or a golf course.
2. **Item Number:** Number each item (or category group of items) you want to dispose of at the collection event. Each item should have an individual number on its container as reference. The container number should correspond to the completed inventory sheet(s) submitted to Clean Harbors Environmental Services.
3. **Waste Description:** Describe, in as much detail as possible, wastes that you want to dispose of at the collection event. The description should include the chemical and trade name, how you use the material, physical state (i.e., liquid, solid, sludge, gas), chemical characteristics (e.g., flammable/ignitable), and chemical constituents and percentages from the label or material safety data sheet (MSDS). When listing waste quantities, be accurate as possible. **DO NOT** include wastes you do not want to dispose of at the collection event, nor containers of unknown waste substances. Please avoid mixing your wastes together.
4. EPA Reg. No. - The EPA Registration Number appears on all registered pesticides sold in the United States. It is usually found on the back panel of the label along with the detailed instructions for use.
5. Pesticide type: Please list the pesticide type if known. Common pesticide types include herbicides, insecticides, fungicides, molluscicides (snails and slugs), miticides (mites), nematicides, and rodenticides,
6. **Quantity:** List the quantity of waste you want to dispose of at the collection event. As a rule, list liquids in gallons and solids and sludges in pounds.
7. **Disposal Charges:** There is no charge for disposal of the pesticide compounds at this event.

Once **Clean Harbors Environmental Services** has received and reviewed your application, you will receive a letter and/or telephone call acknowledging acceptance of your application. The acknowledgment letter and/or call will provide you an appointment time for bringing in your waste, and any changes to the collection event.
